FY 2014

The DOE EM Consolidated Business Center is fully committed to equal employment opportunity and the implementation of a strong affirmative employment program.

It is the policy of EMCBC to provide equal opportunity in employment for all applicants and employees, and to prohibit discrimination in all aspects of its personnel policies, program practices and operations, and working conditions.

- ☞ The EMCBC has seven Special Emphasis Programs (SEPs) to assist in assuring that equal opportunity is present in all aspects of employment and that affirmative action is being taken to address underrepresentation.
- ☞ The primary objective of the SEPs is to assist in the recruitment, development, training and advancement of minorities, women, disabled veterans, and individuals with disabilities. To this end, each Council develops and implements objectives to enhance the status of their respective programs.
- ☞ The Special Emphasis Programs work under the administration of the Office of Civil Rights and Diversity (OCD). The OCD staff provides advice and guidance to the SEP Managers and their councils.

Employees who are interested in obtaining more information or in participating in a SEP may contact the SEP Manager listed on the following page.
